What is Rupert's Land News?

Rupert's Land News is the official monthly e-magazine published by the Diocese of Rupert's Land. Our e-magazine is published 10 times per year (September – June) and connects churches and communities on Treaties 1, 2, and 3 territories, by offering news, events, opinions, and ideas to thousands of readers.

Our mission at RLN is to explore issues at the intersections of faith and life. This means that we are doing more than simply *getting the news out*. Our platform provides a voice for parishioners who would like to explore difficult or challenging topics and offer opinions and insightful solutions for moving forward.
